WE'RE GROWING!
Welcome to Our New Home!

April 30, 2025

Dear iAIRE Distributors,

We're excited to share a major milestone in iAIRE's journey. We've officially gotten the keys to our brand-new, state-of-the-art facility in Kissimmee, Florida!

Our Office Staff has already moved in, and our Production Staff will be transitioning their teams beginning May 2, 2025.

This move represents more than just a change of address—it's a leap forward for our team, our customers, and our future. The new location offers expanded manufacturing capacity, improved logistics, and increased overall efficiency - all designed to help us better serve our partners and drive innovation in green and energy-efficient HVAC solutions.

Why the Move?

The Kissimmee facility positions iAIRE in the heart of a thriving business corridor with access to a talented workforce, improved distribution networks, and three times the manufacturing space. This strategic relocation will allow us to accelerate production, invest more in sustainable technologies, and continue delivering the high-performance systems our customers expect.

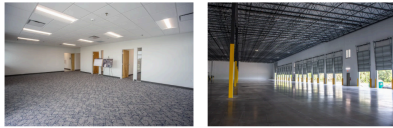

What's New at the Facility?

-  **Expanded Manufacturing Floor:** We're tripling the size of our current facility with 56,566 sqft of manufacturing space, adding 22 additional production cells, 9,000 sqft. of additional storage space, and a new industrial laser for increased manufacturing capacity.
 -  **Increased Office Space:** With 6,000 sqft of additional office space, we plan to continue growing our team AND our commitment to customer satisfaction.
 -  **Sustainability Upgrades:** Built with efficiency in mind, our new facility will support our mission to create cleaner, innovative systems and sustainable solutions for the global community.
-

LOCAL LOCATION & ACCESS

Same Mission, New Chapter

While our address has changed, our mission remains the same: to provide groundbreaking HVAC solutions that promote clean air, energy efficiency, and high performance. We're proud of our progress and grateful for the support of our employees, partners, and customers who've made this growth possible.

📍 **New Address:**

iAIRE, LLC

1240 S. Hoagland Blvd.

Kissimmee, FL 34741
