Introducing the ultraPURE Ion Generator: A Smarter Way to Sell Clean Air!

BREATHE
CLEANER,
HEALTHIER AIR
WITH iAIRE's
ultraPURE
ION GENERATOR

iAIRE'S compact **ultraPURE Ion Generator** is a great solution for cleaning the air in multiple rooms. The generator can be installed in any residential or commercial air handling unit (AHU) and can clean up to 2,500 CFM of air in standard air conditions.

PROVEN EFFECTIVE

ultraPURE ion generators reduce and eliminate bacteria, odors, and allergens from pollutants such as viruses, mold spores, radon, cigarettes, cigars, pollen, animal dander, cooking oils, cleaning products, and materials/fabrics.

LOW MAINTENANCE

ultraPURE devices are easy to install and requires little maintenance, unlike less desirable air cleaners such as UV bulbs that are fragile and costly, or HEPA filters that need constant replacing and maintenance.

CERTIFIED SAFE

ultraPURE ionization devices do not produce harmful ozone and are certified to meet the UL 867 Safety Standard. Additionally, ultraPURE Ion Generators come with a full two-year warranty.

Dear iAIRE Distributors,

Indoor air quality (IAQ) isn't just a trend—it's a necessity. Today's customers expect more than heating and cooling; they want **health, safety, and comfort** built into their HVAC systems. That's why we're excited to highlight the **iAIRE ultraPURE Ion Generator**, your next opportunity to deliver exactly that.

What Makes ultraPURE Different?

✔ Proven Effective

Our bipolar ionization technology reduces and eliminates bacteria, odors, and allergens. It neutralizes harmful pollutants, including viruses like COVID-19, mold spores, cigarette smoke, pollen, animal dander, cleaning chemicals, and more.

✔ Compact Yet Powerful

Easily installed in any residential or commercial air handling unit (AHU), the ultraPURE Ion Generator can clean up to **2,500 CFM of air**—keeping multiple rooms fresh and healthy.

✔ Easy to Install & Maintain

Unlike fragile UV bulbs or constantly replaced HEPA filters, ultraPURE is simple to install and requires **very little maintenance**. Plus, every unit is backed by a **2-year warranty** for added confidence.

✔ Certified Safe

ultraPURE devices meet **UL 867 safety standards** and are designed with your customers in mind—producing **no harmful ozone**.

Why Distributors Love It

- **Quick install = fewer call-backs**
- **Reliable upsell opportunity** with strong consumer demand for IAQ solutions
- **Proven results = easier sales conversations**

This is a **low-effort, high-reward product** that helps you expand your offerings while giving your customers peace of mind.

📣 Stock Up Today!

Now is the time to stock up. Demand for indoor air quality is **growing every season**, and with iAIRE's ultraPURE, you're positioned to capture it.

👉 **Send your purchase orders today to sales@myiaire.com.**

Let's work together to bring cleaner, healthier air to more homes and businesses—while growing your bottom line.

Best Regards and Happy Selling,

Chuck Eno
